RAISE CITY SCHOOL TEACHERS SALARIES

INCREASE TOTALS $9,170 FOR YEAR; BUDGET IS $251,000

The board of education met in special session yesterday afternoon and employed 121 teachers for the coming year, leaving seven vacancies in the elementary grades to be filled, and three in the high school.

Superintendent R. C. Maston announced that he had not yet chosen a principal for the high school, and did not intend to until he found the right person for the position. He recommended the employment of an assistant principal stating that now that the Washington building was open it was occupied partially by high school students and partially by the elementary students, and a principal was really needed to assist in the work. This was agreed to by the board after some discussion and the new position created.

Granted Leaves

Leaves of absence for the coming year were granted Miss Edna Joseph, and Leslie Miller, of the high school staff. Miss Joseph has been assistant to the superintendent in looking after the grade school teachers and wants a year off for study and rest.

The question that interested the teachers the most was as to whether they would receive their automatic increase in salary this year. The board did not give it to them last year, but felt they were in a position to do so this year. A good many of the older teachers have reached the maximum, and were given no increase, but the sum of $9,170 was added to the pay roll the coming year in increases to those who are entitled to it. The increase amounted to $100 over the amount they received last year for high school teachers and $50 to $100 for grade teachers according to term of service.

When the new teachers, and the principal and his assistant are employed together with the salary of the superintendent. the school budget will be approximately $251,000.

The board entered into a three year contract with Superintendent Maston at $4,500 for the first year, $4,750, the second year and $5,000 for the third year.

THREE COMETS ARE VISIBLE THIS YEAR

Scientists Speculate on Results Should One Hit Earth; Due in November and December

WASHINGTON, May 15.—Three comets, those most mysterious of all heavenly wanderers, are due for a visit to the general vicinity of the earth and sun this year, the United States naval observatory announced today.

Astronomers throughout the country are preparing for the arrival of the derelicts from the great open spaces of the universe and expect new discoveries of scientific value.

The list of 1924 comets, prepared by the naval observatory, includes Encke and Tempel. the first, in November and Tuttle in December. In 1925 six comets are due in March, July, August and October.

The observatory is yet unable to determine the brilliancy and visibility of the visitors. They of the smaller variety of heavenly strangers on the last trips to the sun, but years of wondering in space may have vastly increased their volume, or brought about their diminuation.

Should one of the great comets known to astronomers hurl itself into the earth, it is believed the seas would boil and tidal waves would dash against the mountains; polar ices would melt and fires and suffocation sweep the globe according to scientists, at the United states bureau of standards.

Scientists frequently have speculated on destruction of probabilities of such a catastrophe are highly remote. The earth with its 8,000 miles of diameter, a tiny star in the infinite expanses of the universe, is a poor target for the comets rushing through space more than 7,200 miles on hour.

Government observers explained that should the earth pass close to the head of a comet a great amount of gas probably would be absorbed, resulting in material alterations in terrestrial climates.

RAILROADS HIT AS TRAFFIC ON MISSISSIPPI TAKES NEW LIFE

New river shipping terminal at Cairo, Ill., (above) and (below) a steamer handling 15,000 tons of cotton at Cairo—a load equal to five full freight trains. The tow covers two and a half acres.

For the first time in many years railroads are faced by serious water competition in the Mississippi valley. That they realize its import is evidenced by the fact that they are now taking steps to co-ordinate rail and water freight service where possible.

Seven-day service is now promised for freight shipments by water between Chicago and New Orleans. Shippers say this is faster than the railroads have been moving freight between the two points, while the water route carries a 25 per cent less tariff.

One of the old river cities whose ports are reviving under the new impetus given water traffic is Cairo, Ill. Here, as well as at other points, terminal facilities have been greatly improved in late years.

ORDERS RE-ARREST OF LIQUOR TOTER COOLIDGE PAROLED

CHICAGO, May 15.—Holding that President Coolidge has no authority to pardon a man sentenced for civil contempt of court, the United States district court today set aside the executive pardon recently granted Philip I. Grossman and ordered the United States marshal to take him into custody.

Grossman, a saloon keeper, was enjoined in federal court from operating the place. It was charged he bootlegged liquor and he was cited for contempt by Farmer Judge K. M. Landis and sentenced to a year in jail. The sentence was upheld by the higher courts but Grossman evaded serving it while strenuous efforts were made to induce Former President Harding to pardon him. The rule at Washington that no petitions for pardon will be considered until the convicted person is actually serving his sentence prevented any action.

Grossman is reported to have spent more than $40,000 in his effort to keep out of jail.

PLAN TO CARE FOR 2000 PATIENTS AT 'INSANITY' HOSPITAL

Plans for starting the erection of buildings for which $500,000 is available, at the new Grafton farm are being perfected by the state welfare department and the state architect.

During the past week Dr. Guy Williams, superintendent of the Cleveland state hospital, held conferences with John E. Harper, director of public welfare, and the state architect regarding the detailed plans for the Grafton building. Mr. Harper said later that work would start just as soon as the extent of the water supply for the proposed institution is determined. Four wells have been drilled on the site and measurements show that the supply is sufficient for an institution of 1000 patients. This water is now being analyzed by the state department of health and just as soon as this report is received work will start.

Plan Power Plant.

The first work at Grafton will be the erection of a power plant, storage house, laundry plant and an administration building. Units of those plants will be sufficient to care for the needs of an institution with upwards of 2000 patients. The work will not be done by prisoners, but by contractors, and bids will be advertised just as soon as the plans are completed.

Already 50 patients are employed at Grafton in farm work, and are being aided by about twenty young prisoners from the Mansfield reformatory. These men are to be returned to Mansfield as soon as crops are all in and the work can be turned over to the patients.

To Erect Cottages.

Three cottages are planned for immediate erection which will be along the standard plans of recently erected cottages at other state institutions, and each will have a capacity of housing 100 patients. The crowded condition at the Cleveland state hospital makes it imperative that the work start as quickly as possible.

Several hundred indictments were secured as a result of Mr. Harding's investigation," Scaife said.

FOLEY FIRST TAMMANY CHIEFTAIN WHO DIDN'T FIGHT WAY TO POWER

James A. Foley (left), Charles F. Murphy (above) and Richard Croker.

Popular selection of James A. Foley as "boss" of the Democratic organization in New York marks a new departure in Tammany Hall. The three outstanding men in the history of Tammany, Tweed, Croker and Murphy, fought their way to the top. Foley's succession to the power Murphy was forced to relinquish by death is due chiefly to the fact that he is the son-in-law of the late chieftain. Foley, now surrogate of New York City at a salary of $15,000, won his political spurs as minority leader in the New York state senate.

"Carry on" was the order given by his widow even before the services had been held. By his will she was given control of his vast interests, which reached to all quarters of the earth, although the management was given over to his two sons.

AUTO FUMES PERIL CUT BY DISCOVERY

Dr. Miller Reese Hutchison.

Deadly auto fumes are minimized by a discovery made by Dr. Miller Reese Hutchison, chief engineer of the Edison laboratories. The use of from 3 to 5 ounces of a chemical developed by Dr. Hutchison, not only results in marked decrease in the dangerous vapor emitted from motor exhausts, it is said, but lengthens the life of spark-plugs by reducing the formation of carbon. The Hutchison discovery would prevent repetition of such occurrences as the "gassing" of motorists in Pittsburgh's vehicular tunnel by carbon monoxide from stalled automobiles.

WILDER CIGARS OPEN HOME SEASON SUN.

Kleinman Realties, Triple A Leaders, Coming Here Loaded

The Wilder Cigars, formerly the I. T. S. baseball team, will open the local baseball season Sunday at Riverview park with the Kleinman Realties, of Cleveland, as their opponents.

As the Kleinmans defeated the

Ted Teske, Pitcher

Holley-Krons of Lorain, last Sunday, a real battle is expected. Ray Dragert, who twirled for the Clark Lunches in the Triple A race last season, will pitch for the Wilders, while Ed Karl is expected to take the hill for the Kleinmans.

The opening game will be a gala event in this city. The Boys' Band will furnish special music and Mayor Harry Hinkson will pitch the first ball.

The Kleinman Realtors are remembered as having played one of the best games of the season here last year when they closed the local season. The locals won the game in an extra inning affair by a 5 to 4 score. The strength of the Kleinman Realtors is evinced by its victory over the strong Lorain Holly Krohns at Lorain last Sunday by a score of 13 to 1.

The Clevelanders have a strengthened team over last year's outfit, having one or two minor league players and a selection of stars from last year's Cleveland team besides having a nucleus of last year's team remaining.

Fans are looking for a pitchers battle and local admirers of Ray Draegert have confidence that he has the goods to again pitch the local team to a victory.

A record crowd is anticipated.

FREMONT WINS CLOSE MEET WITH NORWALK

NORWALK, O., May 15.—Fremont High track team edged out a 59 1-2 to 58 1-2 victory over Norwalk High here yesterday.

Tagging The Bases

Babe Ruth got his diploma of supremacy, but the Browns got everything else on flag-raising day, Shocker shocking the Yankees to the tune of 11 to 1.

The Giants saved themselves from sliding into third place when they broke their losing streak, and defeated the Cubs, 6 to 4. Kelly's bat sent in four runs while Young's triple sewed up the game.

Four pitchers could not stave off defeat for the Reds, and the Braves sewed up the game 8 to 2, knocking Sheehan out in the first inning and securing a commanding lead.

Quin pitched like a youngster for the Red Sox and held the White Sox to four hits, Boston winning, 12 to 0.

Andy High's bat proved the deciding factor in the game with the Cardinals and the Dodgers chalked up a 4 to 3 victory.

Walter Johnson and Zachary could not hold the Indians and the Senators were defeated, 5 to 2, in a game stopped in the seventh by rain.

The Athletics shattered their losing streak of twelve games when they sent the Tigers back to jungle-land with a 5 to 4 defeat.

From Kangaroo Land

Comes a Warning to Our Tennis Cup Defenders

"Take time by the forelock," is the motto of many folk.

James O. Anderson of Australia, has paraphrased the old saw to read: "Take tennis by the forehand."

For this added member of the Australian Davis Cup team who threatens to lead the offense in quest of the cup, now held by the United States, has turned back the world's best stars in international matches with his terrific forehanded playing.

On top of the recent resignation of Bill Tilden, "ace" of America's tennis players, from the Davis cup team, came the information that Anderson had arranged his affairs so that he might be a member of the team from the Antipodes which hopes, in the absence of Tilden, to wrest the cup from Uncle Sam.

Until Anderson's decision the Australians were depending upon Pat O'Hara Wood and Gerald Patterson, with the masterful direction of the veteran Norman E. Brookes, to carry them up to the challenge round and into possession of the cup. Wood and Patterson alone meant real opposition. Anderson's entry gives the team from the distant land himself and Patterson for the singles matches and O'Hara Wood fresh for the doubles, with Patterson as a mate—a powerful combination. And this trio will tackle an American team weakened by the loss of Tilden. Little chance for a snug feeling there.

One doesn't have to identify Anderson to close followers of tennis. He is the man who defeated William M. Johnston, "Our Little Bill," in the opening singles match in last year's challange matches. Tilden's victory in the other singles match halted the Australian drive for the cup.

Last year was not Anderson's first on the cup team, by any means. He represented his country in the belated series of 1919 and again in 1921. In the former series Anderson was forced to bow to the wonderful playing of Kingscote, the star of the British team the Antipodeans faced.

Anderson got sweet revenge, however, by defeating Lowe in the other singles event.

The Australian is not a specialist. While his great forehand stroke is his main stock in trade, he also has a sound backstroke that is not to be lightly regarded. His great height, perhaps, helps him in his forehand work. He seems to handle the most difficult returns with little apparent effort, thanks to his rangy build.

His forehand stroke has been likened to that employed by Little Bill Johnston although Bill counts upon his speed and uncanny judgment to help him cover returns that Anderson's build brings to him.

He has had a notable career, all told, in the net game. Back in 1919 he defeated F. G. Lowe. (It was A. H. Lowe he met in 1919, in what was classed as one of the best bits of tennis fed the fans at that time. In 1919, which was one of his banner years, Anderson met and defeated Brookes in a thrilling match in Melbourne.

His tramp, tramp to the CEE.

Cy Williams, Philly slugger and outfielder, still can't believe that he is playing this season under the same man who was his boss last year. For it's the first time in Cy's 13 years experience in the big show that Williams has played under the same pilot two seasons in succession.

Cy got his start with the Cubs and in the six years he remained in Chicago played under Chance, Evers, O'Day, Bresnahan, Tinker and Fred Mitchell. In 1917 the Cubs let him go to Philadelphia. He has taken orders from Pat Moran, Jack Coombs, Gavvy Cravath, the late Bill Donovan, "Kaiser" Wilhelm and his present boss, Fletcher while a member of that team.

Jack Quinn holds the world's record for managers played under with a list of 24 masters, but Cy isn't through with the game yet—and has hopes of beating that record.

Harry Courtney, lefthanded pitcher sent to the Vernon club of the Pacific Coast league by the White Sox, goes into the records as one of the unfortunate souls who is "a whale in the bushes but a minnow in the big leagues."

When the Washington club first gave him a tryout he had all the ear marks of a world beater. He flivvered however, and the Senators traded him to Chicago. The Sox sent him out to San Francisco and his showing there last season caused them to recall him.

All he did was to lead the coasters in percentage of games won by turning in 19 wins and 6 losses for a .760 average. He ranked second to Vean Gregg in effectiveness, allowing but 2.80 runs a game. Gregg held his opponents to 2.75 runs. But, back with the White Sox for spring limbering this year he failed to hit his stride. He showed so little indication of being able to help the Soxiets that they released him early to the Frisco outfit.

• • •

The Cleveland Indians now appear to be the jinxed team of the American league race. At the start of the season they seemed to have the main thing they lacked last year—capable pitching. Joe Shaute and Jim Joe Edwards, two youngsters, apparently were set to shine. The veteran Uhle was counted on for another good year and even Coveleskie figured to do a comeback.

Uhle's arm went lame. Covey got away to a bad start — even now seems about done—and the youngsters failed to pitch the effective ball asked of them.

Then, on top of these misfortunes Tris Speaker, mainspring of the team, contracted a cold that finally forced him to remain away from the game for several days.

In the meanwhile the Browns and Tigers are cutting each other's throats and the Yanks are breezing along in the lead.

ELYRIA HIGH AND ALUMNI TRACKERS TO CLASH FRIDAY

CLAYTON O. RAWSON

The track fans of Elyria will have an opportunity tomorrow afternoon to see some famous track stars in action. The world-renowned Alumni track team will endeavor to show up the present high school aggregation. In view of the victory of the Crimson and White over Lorain last week it is doubtful whether the Alumni's hopes will be realized.

Among the stars who will twinkle at the meet are:: Paul Braddon, holder of the Little Big Six Seven pole vault record (11 ft. 1 in.); Claude Kruche, half mile and 440 man; Boylan, dash specialist; Fred Waterman, who has made the 100 yd. dash in 9 4-5 seconds which is 1-5 of a second short of the world's record; Paonessa, holder of league 1-2 mile record, and Houserman, who throws the weights. Although Houseman and Paonessa have not yet graduated, they are both ineligible to compete with the high school squad and the Alumni have obtained their services. These are only a few of the old-timers who will compete tomorrow.

On account of the abundance of wet weather the squad has had little out-door practice this week but is is reported that it has rained at Alumni, Ohio, ever since the season started and they have had no practice worth mentioning. This gives the sixth street bunch the fairgrounds.

As Alumni, Ohio, possesses no track they will journey to Elyria and the meet will take place at the fargrounds.

A week from Saturday the squad will go to Cleveland to take part in the Case Inter-Scholastic meet. Here they will meet the Cleveland schools and also their rivals of the Little Big Seven.

So far this year, Elyria, Sandusky and Lorain have shown up strong. Some idea of the strength of the respective league teams can be gained from this coming meet.

RESERVE, MT. UNION AND OBERLIN CLASH

ALLIANCE, O., May 15—Mount Union college track team men face the most important meet of the home schedule at Mount field Saturday when Reserve and Oberlin are encountered in the annual triangular event.

The following Saturday Mount will journey to Hiram. On the records made to date, Mount should have little trouble in finishing second to Oberlin, while Mount has met defeat in its three starts, the Purple is in much better condition that it was a week ago.

LAST NIGHT'S FIGHTS

OBITUARY

OBITUARY
MRS. ELLEN M. BURRELL

Ellen Maria Rawson Burrell was born on Lodi St., in Elyria, on August 28, 1837, the daughter of Frank and Isabel Caley Rawson. Her mother came from the Isle of Man, while her father was one of the original settlers of Elyria, coming from Fittsfield, Mass. Mr. Rawson established the first iron furnace in Elyria and from his plant the present Furnace St., got its name. Mrs. Burrell saw Elyria grow from a straggling village and remembered the days when the only means of communication with the outside world was the stage coach; when her father hauled with oxen the pig iron for his furnace from Cleveland. She saw the railroad, street car, telegraph, telephone, gas electricity and all other modern conveniences add to the progress of the city.

24 years ago Mrs. Burrell became a Christian and in this faith she lived and died. She was also a member of the order of Eastern Star. During the past 12 years she was an invalid, patiently bearing her suffering and waiting for the call of Her Master, "Come home."

She was married to George A. Burrell in 1857. To this union two sons were born, Frank and John. Her husband and son John, also a step-son, Vernon, preceded her in death years ago.

Mrs. Burrell passed to her reward on Friday, May 9, 1924 at the ripe age of 86 years, 8 months and 11 days, and is survived by her son Frank with whom she made her home; a stepdaughter, Mrs. Jennie Jaycox; five grandchildren; 6 great-grandchildren and a host of nieces, nephews and friends.

DINNER STORIES

A glass dealer's truck had drawn up at the curb, and from it a number of workmen took a big plate glass pane to be placed in a shop window. As carefully bearing the big pane, they proceeded toward the window, there gathered the usual crowd, including two young fellows who appeared to evince more interest in the proceeding than anyone else.

When fifteen minutes had passed, one of the youths, growing weary of the extreme deliberation of the workmen with the glass, turned to his companion and said:

"We may as well be moving on, Henry. They are not going to let it fall."

In what are sometimes referred to as the good old days, a Swede came down from the woods and, entering a saloon, asked for a drink of good old squirrel whisky. The bartender said: "We have no squirrel whisky, but we have some good Old Crow."

"Oh, Yudas Priest!" said the Swede, "I don't want to fly; I yust want to hop around a little."

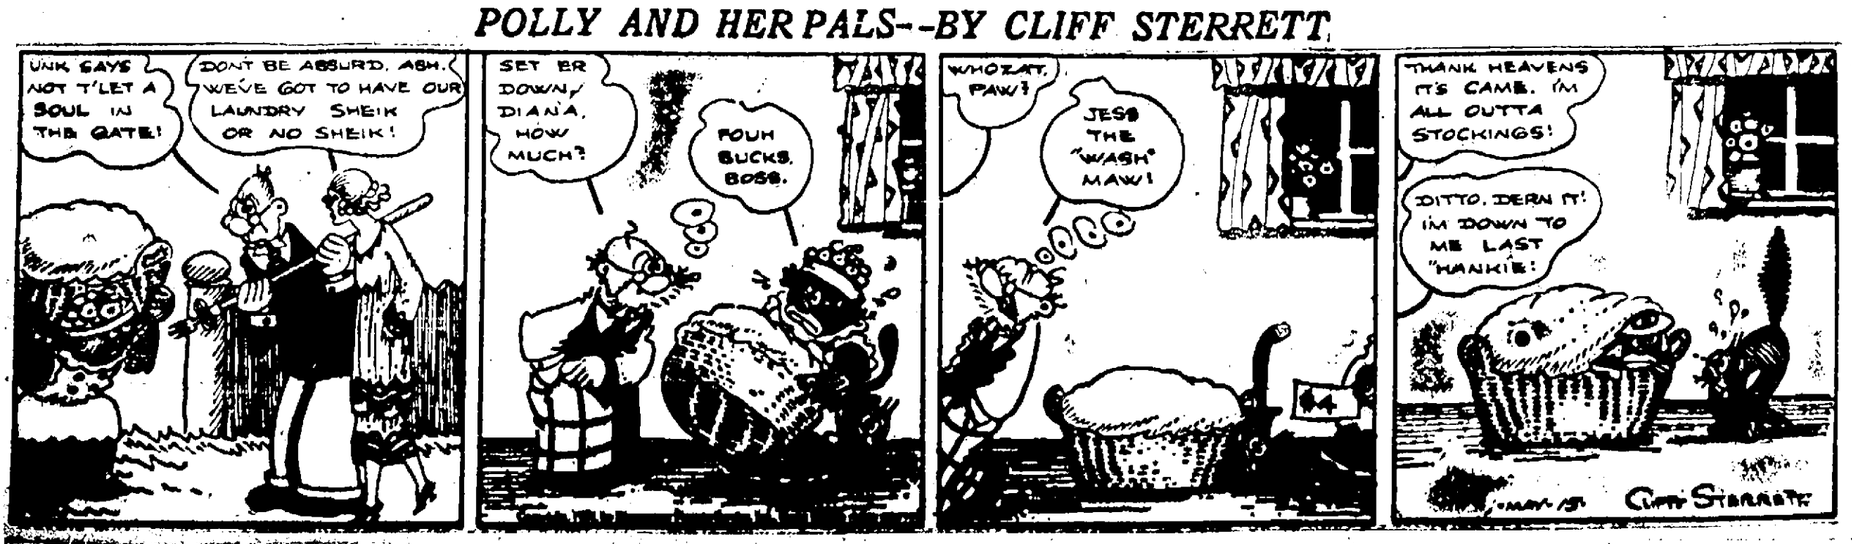

Snowflakes are used by silk manufacturers extensively as patterns.

THE BOAT ROCKERS

Somebody is always rocking the boat. Whether in the business world, the religious world or the social world, just when things seem to be going nicely, and the craft is gliding smoothly down the stream, up jumps some prophet of evil and begins to croak that whatever is is wrong, and that everything is going to the abyss. In the business world we are on the verge of panic; in the political world we are rotten to the core; in religion all the fundamental tenents of the faith of our fathers are wrong, and in society we are all like Lot "pitching our tents toward Sodom." The soap-box orator, who gets his bread by wagging his tongue, is ever present, the birds of ill-omen are ever squawking.

Business, government, religion and society have their permanent foundation on faith; faith—that industry and honesty will continue to bring their reward—in the future as in the past; faith—that the great masses of men are honest and can be trusted; faith—that God still rules the world: and faith—that society is better than it was in the ages gone. Destroy this faith and business becomes panicky; government, wavering; religion, powerless; and society, corrupt.

No one knows these things better than those who stand at the helm and are responsible for the success of great enterprises. The frequent predictions of leading business men, bankers, manufacturers and the like, that the signs of the times are for continued prosperity, are to stimulate this faith, and to encourage the masses to strive on—in the hope of even better things to come.

If men in prominent positions would, with one accord, become prophets of evil—in a single fortnight, they could bring on stagnation in business, if not a panic. While the man of narrow vision sees only ruin and despair, the man of larger vision, realizing that there have always been evils to combat and obstacles to overcome, lifts his head above the fog and has faith that, in the future as in the past, we will surmount these difficulties and go on to better things.

We love the men who stimulate our faith; we scorn the men who seek to destroy it. The ranter, the fault-finder, the sommon scold, may draw about him a motley crowd, who may listen and even applaud; but we pin our faith to those who preach the doctrine of good cheer. That ruler of a nation who would predict its downfall, would precipitate its ruin. Those who have led humanity to higher planes have ever been men of great faith in humanity. The croakers who are always rocking the boat serve no other purpose than to cause the crew to exercise a little more caution to guide it safely in its course.

THE DEFEAT OF POINCARE

The French elections held on Sunday are destined to have a profound influence on the whole European situation. The extreme program of the Bloc Nationale, of which Poincare was the chief, was retarding the progress to an international understanding. To be sure, the defeat of Poincare is not a sweep. He still retains the largest group among the many parties which make up the Chamber of Deputies. Were one of the groups, now in opposition, to go to his side, he would be able to form a ministry. Like Mercutio's wound, the majority against Poincare is not as wide as a barn door, but it will do. To have reduced a majority of one hundred to a minority of about thirty is after all considerable of a set back.

Those who have been looking for a more conciliatory policy toward a defeated and an impoverished Germany will be heartened by the French elections. It removes the most serious and the most persistent opposition to the plan which would give Germany a chance to revive and meet her obligations under the treaty of Versailles. It does not mean that Germany is to escape her just obligations. But it does mean that she is not to be strangled, and that the economic revival of Europe is not to be perpetually jeopardized. The French elections are a distinct victory for the British point of view, and will undoubtedly be hailed in England with considerable satisfaction. Much of the problem which has disturbed Britain's domestic life since the close of the war has grown out of the difficulty of restoring economic stability in Europe. The French elections give hope of a more tractable ministry in France than that which was headed by M. ...care.

...here is another significance in the French elec... which cannot be overlooked. The spokesmen of ... royalists, Leon Daudet, was defeated. Two ...kesmen of Clemenceau group, Andre Tardieu and ...rges Mandel, were also defeated. A number of ...tanding nationalists, and also the present min... of finance, went down in the crash of the Na... list party. On the other hand men like Malvy, ... convicted of sedition, and Martyr, who was ... for military revolt, have both been elected.

KING CANUTE POINCARE FAILED TO STOP THE RISING TIDE

This is simply a repetition of what took place in the last English elections, when an outspoken pacifist who barely escaped arrest and imprisonment has become premier in England, and with him have gone into power such men as Snowden and Sorel.

Naturally the German nationalists are not pleased with the French elections. The policy of Poincare gave them a handle to work up the fury of the people against the German republic. So long as France held Germany down by the throat, it was easy to keep hate alive. With the elections the monarchists in Germany have lost their best playing card.

The French election is the most hopeful evidence of an increasing sanity among the people of different nations. It is to be hoped that it will mark a new turn in the affairs of Europe and of the world.

TIMELY VIEWS ON WORLD TOPICS

"WOMEN OF THE EAST HAVE BEEN AROUSED BY WORLD SHAKE-UP."

"The general shake-up of the world has slightly aroused the Eastern women so says Jane Addams, famous head of Hull House, woman leader and writer She has just returned from a trip to the Orient

JANE ADDAMS

"In places here and there, but it is almost altogether only among the educated classes The East is heavy and somnolent with customs and traditions which hedge and veil the women and keep them timid in walled homes and gardens But now they are becoming somewhat active in political and probably even more so in educational life

The British Women

"The British, whose women at home cannot vote before the age of thirty, granted the suffrage to all women over twenty-one in India and over eighteen in Burma When I was in Bombay, three Indian women and one Scotchwoman were running for the City Council and the Scotchwoman alone lost

'But only the women who believe in the constitutional nationalist' movement, that is in working with the British toward liberal reforms vote and run for office The followers of Gnandi abstain from all participation with the British Government Their influence is great, for Indian women exercise considerable moral control over their men

"In China the new attitude is still confined to the small number of women trained in Western, especially American, colleges; or to the missionaries and to the Y. W C A workers The missionaries there are apparently doing really good work They run girls schools as well as boys' schools and when the parents object to the education of their girl children they threaten to close the boys' schools as well. And the threat usually works Social work in the East must rise painfully slow, for it has to combat not merely the lethargy of custom but the greed of Western industry as well. And in China Western imperialism is particularly menacing

Of The Island Empire

"In Japan as well as in Corea, the woman's movement has a resemblance to our own The Japanese are great adapters, of course The working conditions of the woman in Japan are possibly better than in India and China But labor is unorganized throughout the Orient and hence quite helpless And in a helpless labor movement the women and children are the most exploited

The Filipino Woman

"In the Philippine Islands things seem still more familiar The Woman's City Club, the Women Doctors of Manila the Professional Women's Club, they were all represented They took us through the different social organizations of the city, and they seemed to try to keep us away from American administration They are proud of their own achievements

'I do not think that the great masses of the women of the east are moving fast But their leaders are way in front hoping, studying hard, and working, working all the time."

POEMS THAT LIVE

THE CAPTAINS FEATHER

The dew is on the heather,
The moon is in the sky,
And the captain's waving feather
Proclaims the hour is nigh
When some upon their horses
Shall through the battle ride
And some with bleeding corses
Must on the heather bide

The dust is on the heather
The moon is in the sky
And about the captain's feather
The bolts of battle fly
But hark what sudden wonder
Breaks forth upon the gloom?
It is the cannon's thunder—
It is the voice of doom!

VOICE OF THE PEOPLE

ON CHURCH DISTURBANCE

Penfield, O, May 15, 1924.

DEAR SIR:

Under date of May 8th, an article appeared in your paper concerning some boys of our community having created a disturbance at the Penfield church The parents of these boys deeply regret that anything like this should have happened. At the same time we do feel that the public might be misled by the contents of your article Apparently the party furnishing you with the first information was desirous of making matters appear much worse than they really were

When the cases were heard before Squire Krebs it developed that the language used by the boys was not of the reprehensible nature suggested in your former article The parents do not condone and will not tolerate any conduct that has a tendency to disturb religious assembly But in a spirit of fairness to ourselves we must resent the over statements formerly made about the matter and the parents of the boys ask the public still to believe that they may be classed among the good people of this community We know that your spirit of fairness toward all your readers will insure the publication of the foregoing

Respectfully Yours,
HOMER SOOY.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr James H Allen, suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment. All druggists can supply you.—Advertisement.

WHO'S WHO IN THE DAY'S NEWS

DR. ALETTA H. JACOBS

The "grandmother" of the Women's International League for Peace, Dr. Aletta H. Jacobs, of Holland, is one of the internationally famous women now in this country for gatherings of peace organizations and to carry a plea for peace through the country.

DR ALETTA JACOBS

It was the Dutch women's rebellion against war that made Dr. Jacobs, Holland's first woman physician, the real founder of the league. In the summer of 1914, horrified by the bloodshed, she made up her mind that the time had come for women to put an end to it She sent out an appeal to their organizations throughout Europe. As groups they did not respond favorably but from all sides individuals wrote signifying their willingness to aid her cause At a preliminary meeting held in February, 1915 it was decided to form the league and to call its first congress for April 28 of the same year Jane Addams was nominated for President and accepted the office

In spite of Lloyd George's opposition to the congress and his determination to keep the 'Peacettes' out of Holland, fourteen nations were represented and the movement for international peace was not only born but baptized Dr Jacobs and Miss Addams visited the belligerent countries of Europe and presented the Premier and Minister of Foreign Affairs of each with the resolutions of the congress At a later date Dr Jacobs was sent unofficially by her Government to seek President Wilson's cooperation in bringing an end to the war In 1920 she urged a revision of the peace treaties and has since been pleading that local organizations make a broad publicity campaign to solicit the support of women for universal peace.

"Just a short time ago," says Dr Jacobs, the women members of the parliament were instrumental in defeating a bill to increase the Dutch navy."

PRESIDENT VETOES SOLDIERS' PENSION

WASHINGTON, May 15.—President Coolidge today vetoed the Soldiers' Bonus-Insurance Bill.

His disapproval of the measure, which passed both Houses of Congress nine days ago by overwhelming majorities, was predicted upon the broad ground of public economy and the necessity of keeping down governmenetal expenditure, and in this respect he followed in the footsteps of his predecessor, President Harding, who vetoed a similar bill a year ago.

Announcement that the President had vetoed the bonus bill was made at the White House at 2:30 o'clock this afternoon and it was stated that a veto message would be transmitted to Congress within an hour. Clerks were working feverishly at that hour to get the message out.

The disapproval of the President had been expected and caused little surprise in either House where preparations already have been made for an early attempt to pass it over his veto.

Both Republican and Democratic leaders predicted this afternoon that this would speedily be done, probably before the end of the week.

STOCKS

N. Y. STOCK OPENING

NEW YORK, May 15.—Price movements were irregular at the opening of the stock market today. A good many stocks were under pressure, while others eased fractionally on short covering. Cosden was weak. Other oils were steady. Rails opened heavy.

NOON STOCK LEAD

NEW YORK, May 15.—Insignificant price changes marked trading in the first two hours on the stock exchange today.

The speculation field was again entirely left to the professional element which, in the absence of public interest, was in complete charge of the situation. The fairly successful attack on values in the previous session led to a further testing of the list on the downward side at the opening but, save for weakness in isolated issues, practically nothing in the way of lower prices was accomplished.

Oil shares improved moderately.

Railroad shares moved over a narrow range with the undertone steady.

Call money renewed at 3 1-2 per cent. Foreign exchange ruled heavy.

WELLINGTON, May 15.—The second day of the Congregational Conference of Ohio began at 9 o'clock yesterday morning with devotions led by Dean Thomas Graham of Oberlin. His subject was "Adventuring." A business meeting was held from 9:30 until 10:30.

"City Work In Ohio," a splendid address given by secretary, George L. Smith, of Cleveland, in regard to the increase in the mis sionary work in the city churches was a splendid report.

The afternoon session was opened with devotions: "Resources," by Dean Thomas Graham.

The woman's work in the church was observed from 2 to 3 o'clock. The Home Work under the topic of "A Working Partnership" was taken up by Mrs. H. H. Hart, principal of the Schauffer school of Cleveland. The Foreign Work, "China, Japan and America," was discussed by Mrs. W. F. Brunner, president O. B. W. B. M. I.

The Young Peoples' dinner was one of the finest affairs of the whole church conference. Miss Jefferys as toastmistress kept the spirit of fun ever present, and enthusiasm ran high.

Owing to the absence of Rev. Chas. S. Mills, D. D., of New York the evening address was given by Rev. Chas. E. Burton, D. D., secretary national council. His subject "Our Denominational Trusteeship" was splendidly given.

Oppose Jap Exclusion

The moderator for next years Congregational conference, elected at the Wellington conference, is Alan C. Stockdale, D. D., of Toledo, the assistant moderator is Rev. Ricard, of the Wellington Congregational church. The next meeting place will be at Marietta. That city has not entertained the conference since 18 years ago.

Resolutions that were passed are: First, the acknowledgement by the conference for the kindness and generosity of the Wellington people and appreciation for making their stay in Wellington as pleasant as possible. W. J. Powell was thanked for the pleasant afternoon at his theatre yesterday.

Second, they deplored the Japanese situation and urged that congress should reconsider their action. Copies of this resolution are to be sent to secretary Hughes and to congress.

Third: Drafting by the Columbus churches of a resolution for the stricter observance of the Sabbath and a state secretary is to be chosen to take charge of the work.

Fourth: Submitted by the Columbia Ministerial Association. "War is a colossal sin and has no place in the Christian church." This resolution called upon the government to urge world unity and cast out war. This resolution was taken up during the last five minutes of the meeting and at the suggestion of Rev. Nicholas Van der Pyl of Oberlin who thought that such a big question could not be discussed in so short a time and although he favored this resolution he made a motion that this resolution be laid on the table without prejudice.

A large number of the delegates were very much against this resolution. It was decided that at the next conference such matters of importance should be taken up on the first and second days and not before the last hour.

Rev. W. H. Longaworth, pastor of the Congregational church at Canton was a Wellington visitor during the conference. Mr. Longsworth, after a three months investigation with a detective friend had found Mayor D. C. Curtis and his brother, the Safety Director, guilty of using their office for private gain. He denounced from the pulpit and gave a startling address using all the names and addresses of the people connected with the ring. He said that he has in his possession three copies of letters written by men who were hired by bootleggers of that city to kill him. The first was a Greek, who received $500 and an auto to kill him. He had a shot gun pointed through a window at him and the minute Mr. Longsworth's three year old daughter climbed upon his back the Greek disappeared because he could not shoot a child. The Mayor of Canton and his brother are now awaiting sentence of the grand jury.

Rev. Longsforth occupies the pulpit formerly occupied by Rev. Ricard of Wellington.

Why They're Using Joint-Ease for Burning Feet

Just because it is now known that burning, sore, aching, swollen feet are caused by trouble in the many joints in the foot and Joint-Ease soaks right in and gets to the seat of the trouble—the cartilage and ligaments of the joints.

And to think that for generations we have been powdering and soaking our feet, thinking the trouble was only skin deep—an old-fashioned idea.

Well, better late than never—just stop the powdering and medical bathing and other foolishness for three days and just rub on Joint-Ease—and remember when Joint-Ease gets in foot agony and burning get out—quick—60 cents a tube.

Phillips' Drug Store sells lots of Joint-Ease.—Advertisement.

FRENCH CLUB WILL GIVE PLAY TONIGHT

OBERLIN, May 15.—"Rideaux" by Paul Coudry and "Le Peintre Exigeant" by Triston Bernard are two plays which are being presented by Le Circle Francais this evening at 7:30 in Sturgis Hall. Each play is a one-act comedy.

In the first a pair of curtians, presented by a mother-in law whose artistic tastes do not coincide with those of her children are at first mislaid, but after causing many amusing situations are restored. This comedy is under the direction of Miss Swift.

In the second play are portrayed the rather eccentric ways of a painter who has convinced Monsieu and Madam Gamvis that he is "the only painter of our class." This play is directed by professor Jameson.

HUSBAND SAID WHY NOT TRY IT

Wife Said She Would. Result, Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

East Hardwick, Vermont.—"Last winter I was not able to do any work at all. I had backache, headache, sideache, and was sick all the time for six months. We read about Lydia E. Pinkham's Vegetable Compound in the newspapers, and my husband said to me, 'Why don't you try it?' So I said I would, and he went and got me a dozen bottles. It has done me more good than I can ever tell, and my friends say, 'What have you done to yourself? You look so well.' I tell them it is the Vegetable Compound that makes me so well and strong. There is no use to suffer with backache and pains. I will tell every one what it has done for me."—Mrs. FRED. PRIMO, Route No. 2, E. Hardwick, Vermont.

DEATHS IN MURDERS

MARTINS FERRY, O., May 15—Fate that seems to haunt persons connected with the investigation of the Burkhardt axe murders three years ago claimed its latest victim in Santa Parisi, one of the victims of the catastrophe in the Benwood mine of the Wheeling Steel Corporation. Parisi was under arrest but later freed at the time the two wealthy women, Mrs. Augusta Burkhart and her daughter, Lillian, were hacked to death and robbed in their home here. He and a Mrs. Pappas were picked up on stories told by Joe Pappas, son of the woman. John Bennington, who saw the two at the Burkhardt home, died soon afterward; little Joe Pappas was soon killed by a truck; now Parisi has met sudden death in the Benwood mine.

WEST RIDGE, May 15.—Mrs. Andrus and daughters and Mrs. Swartz, all of Elyria, and Mrs. Ed Pember of the Schramm road, called on Mrs. Fred Vietzen, on Monday.

W. E. Shay and family, of Elyria, spent Sunday at the home of Mr. and Mrs. Raymond Simms.

The South Murray Ridge Parent-Teachers association held their last meeting of the year at the schoolhouse on Friday evening. The school furnished a program. There was a short business meeting at which plans for a school picnic were discussed after which a lunch was served.

Mr. and Mrs. Fred Seekins, of Elyria, were over Saturday night and Sunday guests of his parents, Mr. and Mrs. Harry Seekins.

Rev. C. N. Smith, of South Ridge, Mr. and Mrs. August Karmen, of Elyria, were guests of Mr. and Mrs. E. J. Burrer, on Sunday. Mr. Burrer and family, with their guests, attended the revival service at Vincent church, near Avon, on Sunday evening.

Miss Marian Hahn, of Oberlin, spent the week-end with her aunt, Mrs. Chas. Schaible.

Mrs. Mary Rockwood, of Oberlin, was the guest of Mr. and Mrs. W. H. Hart on Sunday.

Miss Fredora Johnston is visiting at the home of her brother, Adelbert Johnston, in Elyria.

Mr. and Mrs. Carl Fowl and son Kenneth were guests of Mr. and Mrs. James Baumhart of Brownhelm, on Sunday.

Mr. and Mrs. Chas. Schaible and George Hahn and daughter Marian, of Oberlin, were in Cleveland Saturday.

Mrs. C. H. Hunzer visited her mother, Mrs. Walkenmeyer, at Cleveland, on Tuesday.

Mrs. Raymond Simms on Monday evening was the happy recipient of a "handkerchief shower" on her birthday. Twelve ladies were present, including Mrs. Fred Seekins of Elyria, and Mrs. Napp of near Oberlin. Mrs. Simms received sixteen handkerchiefs. Music and a nice social hour were enjoyed. A nice lunch was served by the hostess.

The Parent-Teachers' Association of North Murray Ridge, will hold the last meeting of the year on Friday night at the school house. H. M. Ebert, of Elyria high school, will be the speaker, telling of his trip abroad. A free lunch of ice cream and cake will be served by the refreshment committee.

Austin Hastings, of Litchfield, spent Monday at E. J. Burrer's.

Mrs. Etta Brown and son Stanley were guests at the home of Mr. and Mrs. Harry Brown in Cleveland.

Wm. Fehring is having his house repainted.

It surely was a "red letter" day for the schools of Carlisle township—out of 301 school children 275 attended the exercises at La Porte M. E. church in the evening. Nearly all the parents as well as the children from here attended. Margaret Pallas won in the sixth grade contest in spelling; Lucile Penfound in the fifth grade; Jean Wagner, Hazel McMullin, Harry Lauer, Jr., and Bobbbie Penfound had recitations; Lillian Eldred rendered a piano solo. Ten of the fifth and sixth grade girls of the school gave a "Cooking Lesson Song," while all the children participated with the other schools in an opening and closing song. Much credit is due Supt. Masters and teachers. There was also a fine display of the handiwork of the schools exhibited, which will later be exhibited at the county fair.

The township eighth grade commencement will be held in the Grange hall on Tuesday evening, May 27. Ex-Mayor Crall, of Lorain, will give the address.

BALTIMORE & OHIO

Here are the Reasons
for the Power, Smoothness and Endurance of Oakland's Six-Cylinder Engine

(1) Oakland's new six-cylinder L-head engine is of the most advanced design. Its remarkable performance is the logical result of competent engineering and high grade construction throughout.

(2) The large, perfectly-balanced crankshaft runs in big, special, bronze-backed bearings. These patented bearings are positively the best that money can buy.

(3) Lubrication is force feed by means of a reliable gear-type oil pump. Main, camshaft, and connecting-rod bearings and timing chain are continually bathed in oil. This positive lubrication adds greatly to quiet operation and long life.

(4) Oakland cylinders are honed smooth as glass on special machines. Pistons and rings of the latest design are individually fitted into each cylinder with extreme care and precision. Vibration and wear are practically eliminated by this process.

(5) The connecting rods are light and strong. The babbit-lined bearings are permanently bonded to each rod with pure tin—the most approved process and also the most expensive.

(6) The camshaft is driven by a silent chain running in a bath of oil. This is conceded the best type of drive and the most accurate. There is a convenient external adjustment.

(7) Oakland valves are of special heat-resisting alloy steel. So efficient are they, that valve grinding is necessary only at very rare intervals.

(8) The intake manifold is scientifically designed to insure perfect fuel distribution to all cylinders, and therefore smooth, economical operation. There is a handy temperature adjustment for summer and winter.

(9) The electrical system maintains Remy standards of excellence. The spark control is entirely automatic, which means that the engine will deliver the maximum of power under all conditions.

(10) The single-plate disc clutch is simple and durable. It is self-adjusting for wear. Its smooth operation makes possible the remarkably easy gear shifting of the True Blue Oakland.

AMHERST BUSINESSMEN ENJOY GOOD MEETING

AMHERST, May 15.—The Amherst Business Men's Association held their May supper at the St. Peters Evangelical church parlors last evening. The Gleamers Society furnished the supper. About one hundred twenty five were in attendance.

James Morton of the chamber of Commerce of Columbus gave a very interesting talk on "Confidence." He illustrated with short stories, which showed how the public lost confidence in merchants who misrepresented their goods. He read the editorial in the Red Book "Suckers" by Bruce Barton which showed how some of the merchants were always playing for suckers while the other fellow was starting a firm foundation for future success. His talk was brief but fine in every detail.

Mr. Curtice, secretary of the Lorain Chamber of Commerce made a few remarks, he spoke especially of Amherst as a clean cut town, how well the homes and lawns were kept and congratulated the business men for it. Mr. Zilch, president of the organization introduced Mayor Nord, who spoke briefly of Amherst as a very clean town and that the business men are asked to turn out for the Decoration Day parade here. Following Mayor Nords remarks the meeting adjourned.

IN THE DAY'S NEWS

Sir Edward Elgar, who has been appointed "Master of King's Music" in succession to the late Sir Walter Parratt, has long held a place among the greatest living composers, a somewhat remarkable circumstance in view of the fact that he has never had a lesson in composition in his life. Sir Edward probably owes a great deal of his success as a musician to heredity, for his father was an excellent musician, and he commenced life in a home where music was loved. One of his first appointments was bandmaster of a local lunatic asylum, where he used to conduct an orchestra composed of the attendants; and in those days he thought nothing of writing a whole score of a piece for the princely sum of eighteenpence. Nowadays his income runs into thousands of dollars a year. But in spite of his great success, modesty has always been prominent in Sir Edward's character and no musician in Britain is more highly loved and esteemed.

MAN'S CIVIC CLUB ACCEPTS NEW MEMBERS AT FINAL MEET

Setting close to a most successful year was the final meeting of the Woman's Civic Club held Tuesday afternoon in the first Congregational church. Not only was there a large number present but much interest and enthusiasm was shown in the work.

"America, the Beautiful," was given as an opening number with Mrs. David Troxel at the piano, following which the usual monthly reports were read, several recommendations passed upon, and such unfinished business of the year brought to a close.

The office of historian having been made vacant by the death of Mrs. Mary Leonard, the club elected Mrs. G. B. Findley to that office for a term of five years. Mrs. Sanders also announced the following appointements for next year: Chairman of the Child Welfare Department, Mrs. Miles Perry; chairman of the Special Relief Committee, Mrs. E. G. Jenkins; chairman of the Program Committee, Miss Alta Reefy, and chairman of the Finance Committee, Mrs. J. C. Bins.

The delegates to the Lakeside Federation in July, Mrs. R. T. J. Martin and Mrs. George French were chosen while Mrs. A. C. Hilleman and Mrs. A. W. Huse represent this club at the convention at Galion in October.

The successful outcome of the play given by the Thimble Theatre Guild was reported upon and letters of thanks given to the High School orchestra, the Martha Lee Players of Cleveland, the Central Book Store and the Wilk-Struck Company for favors rendered on this occasion.

The names of the following ladies were presented to the club and all were admitted to membership for the coming year: Mrs. J. Bartholomew, Mrs. Fred Bryan, Mrs. F. M. Bright, Mrs. Clarence H. Decker, Miss Marjorie Miss Josephine Fay, Mrs. S. George, Miss Ruth Gates, Mrs. Walter Guthman, Mrs. John E. Hedley, Mrs. Lewis Heidrich, Mrs. A. C. Hudnutt, Mrs. S. A. This being the last meeting of the club year, the annual reports were given by Mrs Stevens, secretary; Mrs. Beebe, treasurer; Mrs. Hurst, auditor, and by Mrs. Hitt for the Loan Scholarship Fund. Mrs. Stevens' report was concise and interesting covering the year's work of each department and that the club as a whole, thus conveying to her listeners a very clear idea of the activities being carried on. Mrs. Beebe's report of a substantial sum having been added to the Club Home Fund this past year was greeted with applause.

To express their appreciation of the work done by the retiring officers, a rising vote of thanks was given them by the club at the conclusion of the business meeting.

The members fo the Executive Board with Mrs. Friday as chairman were hostesses for the social hour which followed. Delicious refreshments were served from a table beautifully decorated with candles and cut flowers. Mrs. C. E. Lozier and Mrs. David Troxel, the retiring vice presidents, presided at the coffee urns.

Thus the results of the sixteenth year's work of the Woman's Civic Club under the able leadership of Mrs. B. E. Saunders passed into history.

Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA-75, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all [illegible]

MY HUSBAND'S LOVE

Adele Garrison's New Phase of

Revelations of a Wife

Copyright, 1924, by Newspaper Feature Service, Inc.

The Way Lillian Got Rid of the Detective.

"WON'T you be seated?" I indicated a chair, and made my voice formally courteous as the detective who had been trailing the Harrison children came to a halt just inside our living room door.

His armor of arrogance had been badly dented by Lillian's lofty manner and the slangy gibing of Mrs Marks, and he had somewhat the air of an animal at bay as his small eyes glanced rapidly from me to Lillian, who had set down her bag and was engaged in taking off her hat and coat Without a word she had achieved the effect of blotting the man's presence from her knowledge and he was as deflated as an exploded tire

"No, thanks. I'll stand right here"

The words were a sulky growl and when I also turned my back upon him and moved toward the window he broke into rough hesitant speech

"See here you dames What's the idea of all this side? Maybe you don't know who I am I'll trouble you to——"

Lillian whirled and advanced upon him with the long lithe step that is characteristic of her. She came so close to him that her outstretched hand, with pointing forefinger almost touched his face and he stepped precipitately backward with the ludicrous effect of flattening himself against the wall

"You'll trouble us to do nothing except see that you leave the building," she said icily

With a ludicrously hesitant glance at her, he flung open his coat and exhibited a metal star attached to his vest He must have guessed we shared Mrs Marks's knowledge of its impotence, but he evidently never lost an opportunity to flash it

"Yes, we see it Lillian said with a maddening smile And now that you've gone through your exercises suppose you say whatever's on your mind. Mrs Graham and I are very busy women but we can give you two minutes"

Plain Talk

She glanced at her wrist watch and then expectantly at the detective His face held so many colors that I was afraid he might have a stroke—he was of apoplectic build—and he stammered incoherently

"You—you—won't sing so loud in a little while. Kidnapping is a pretty serious offense, you'll find out"

"I've heard so," Lillian assented nonchalantly and then her voice hardened

"Look here, my friend," she said. "We've been pretty patient with you, but we haven't any more time to waste on you or your conversation. If it's any comfort to you I'll grant you that you've done a pretty nifty piece of work in trailing those Harrison youngsters Frankly, I misjudged you. I didn't think it was in you

"I'll confess you had me guessing for a few minutes to-night," she smiled But if you haven't exhausted your brains sleuthing, you'll realize that the game is through. The children are out of the country under the guardianship of their mother's nearest relatives. You neither can find them nor could you bring them back if you did trace them The best thing you can do is to go back to the chivalric gentlemen who hired you and squeeze all you can out of them which I'll wager you won't be much

"I'll Put These——"

"You might tell them from us" she declared that the children won't be back until their legal guardianship is established and that won't be very long And for yourself let me advise you to consult some recognized authority before you spill such reckless words as "dropping around Now you may go"

She swung the door open, then passed him swiftly and opened the door from the apartment corridor into the big hall outside. There she stood waiting The detective glared at me and then at her, but as if hypnotized he walked out of the door, comforting himself with a feeble

"You ain't heard the last of this, and don't you think it" from the head of the curving stairway.

Lillian led the way back into our rooms waiting until the doors were closed and then sinking down upon the couch in a fit of laughter, in which I nervously detected a note of hysteria. But she pulled herself together in a few seconds and picked up her coat and hat

"I'll just put these in your wardrobe if there's room," she said casually and was in the bedroom before I could demur. I left the doors of that wardrobe concealed

Which?—

at the Same Price—the Half-Utility of the Open Car, or the All-Year Comforts and Service of the Coach? It is the One Important Question Before Buyers Today.

Since Closed Car Comforts Cost No More

Why Buy An Open Car?

THE issue with motor car buyers this year is closed car comforts at open car cost. The Coach exclusively provides such advantages without forfeit of chassis quality. It is a Hudson-Essex invention. No other type is like it.

More than 140,000 Coaches are in service. Sales exceed 3,000 each week. The Coach is the largest selling 6-cylinder closed car in the world. That proves the success of value.

It is the Closed Car for Everyone

Everyone prefers a closed car. The Coach alone is the quality car within reach of all. It changed the trend from open to closed cars. Now all can enjoy finest chassis quality with all-year utility, comfort, and closed car distinction.

In two and a half years the Coach has proved a staunchness and reliability never before associated with a closed car. In every service it satisfies the pride of ownership.

The Same Quality in Both Hudson and Essex

Hudson and Essex are creations of the same engineers. They are built under the same patents. There is no difference in quality of material or workmanship.

The price you want to pay will decide you for Hudson for, for Essex. The closed car advantages of the Coach and its price surely leave no other consideration.

HOME FOR AGED WELSH GIVEN SUPPORT

The Elyria Women's Welsh-American club is vitally interested in a national organization which is looking after and maintaining the picturesque home for aged Welsh, located on the Center Ridge road near the Rocky River bridge, on what is known as the Higley farm. There are thirty-one other similar women's clubs engaged in the same work thruout the country.

A campaign is now on here to interest every Welsh man and woman in this home and the local society. The club is trying to double it's membership, and also to enlist men of Welsh extraction as honorary members. Those who are interested are asked to communicate with Mrs. Elizabeth Evans Dickson, of this city.

The work being done in the care of the aged Welsh people is a laudable one, and they have a beautiful ideal place in which to spend their declining years. The Elyria society is striving to make itself one of the headliners at the national convention that is to be held at Hotel Cleveland in June.

Miss Nellie Weitzel is in Cleveland for this week.

Frank Weekly visited his sister Miss Adah in Cleveland Sunday.

About seventy were present at the reunion which was held by the L. A. S. and W. H. M. Saturday at the home of Mrs. Forest Goodman. After a short business meeting which was conducted by Mrs. Leslie Ring, president of the W. H. M. S., the following program, prepared by Mrs. Rolland Walkdon was enjoyed: Hymn, "Wonderful Words of Life," by all. Then Mrs. A. J. Walker, of Berea, as devotional leader spoke briefly on friendship and after scripture reading and prayer read a short poem entitled, "You Are A Friend of Mine and I of Thine." This was followed by a duet by Mrs. Jay Jasper and Mrs. M. Squires entitled, "O, It Is Wonderful." A very touching story, "Aunt Hattie Deficit," read by Miss Gertrude Akins taught a lesson in mission giving. Mrs. Rolland Walkden then read a beautiful selection, "Womanhood at the Foot of the Cross," which brought out the thought that the maiden wife, mother or sister can not entirely fill the part they were intended for if they are not a Christian. Brief talks were given by Mesdames Hunt and Gerhart of Wooster, after which the program closed by all singing "Take the Name of Jesus With You." Refreshments were served and a good visit had by all. Those from out of town were Mrs. Belle Osborne, Mrs. Flora Lewis, Mrs. A. J. Walkden, Mrs. Walter Adams, Mrs. Mary House, Mrs. Sadie Sigler, Mrs. B. B. Miss Sigler and brother John of Berea, were in attendance at the Methodist church services Sunday morning.
